

LOCUMTENENS.COM'S CHARITABLE PARTNER OF THE MONTH

WHO IS HADLEY?

Hadley Kate Bush passed away in the arms of her loving parents due to complications involving her underdeveloped lungs as a result of having been previously diagnosed with CDH. **She lived six love-filled days.** While her fight against CDH here on earth is over, her battle against it is just beginning. This Foundation was founded in Hadley's memory not just to honor her life, but to **better support families affected by CDH and to help find a cure for this extremely serious but relatively unknown birth defect.**

MISSION

The Fore Hadley Foundation provides **hope, opportunity, and support** to the Congenital Diaphragmatic Hernia (CDH) community, and serves to **inspire others to join the fight** to eliminate this birth defect.
